

Stores & Warehousing

IME can cover every eventuality for your Warehousing needs

In support of our major customers within the dredging industry, IME operates a fully secure stores facility 24/7 365 days of the year.

Our services includes ships general supplies through to large new and serviced equipment, which is critical to the running of the vessels.

We can deliver throughout the UK and mainland Europe on a daily basis.

Supported by four fork trucks ranging from 2-5 tons and 35-ton mobile crane, storing and moving owners' equipment to meet tides, times and deadlines is achieved with ease.

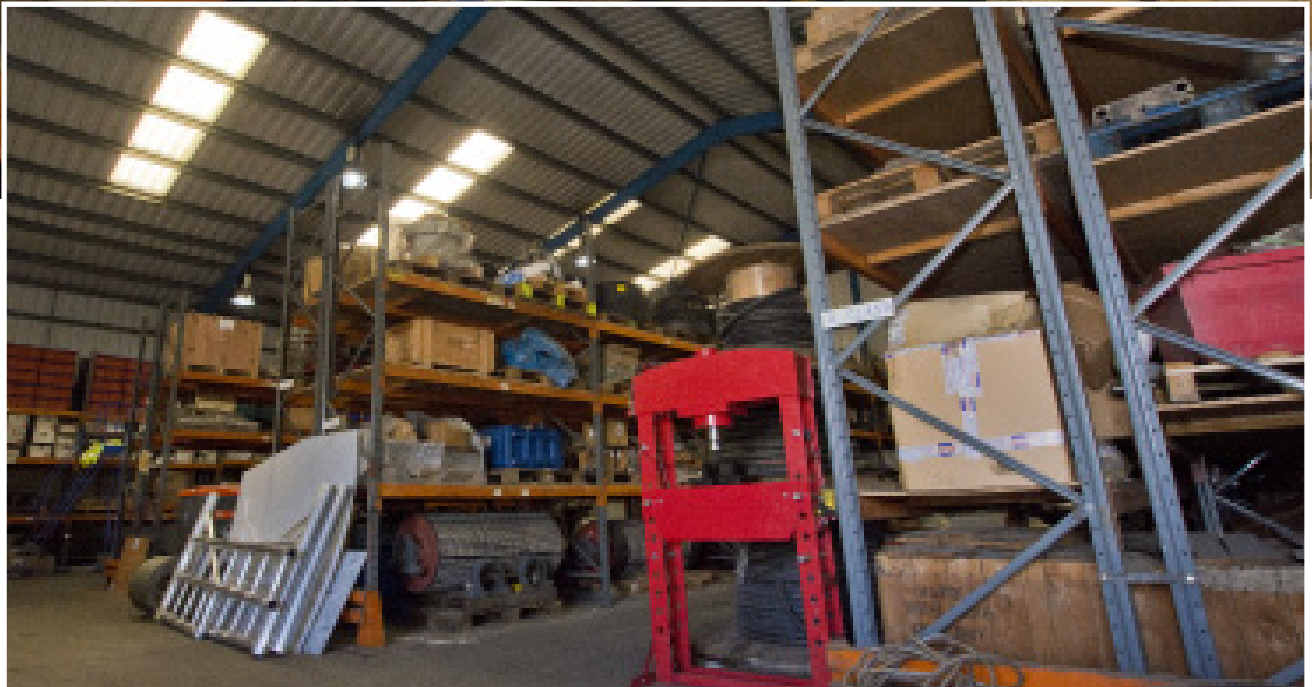

IME have a dedicated team covering this area from management to ground personnel, contracts with leading transport companies ensure large items are loaded and delivered in a timely manner along with our 2 flatbed lorries.
